Overall comments:

The scores among the teams were very close and all of them were in high spirits performing their best under precise vocal commands of their commanders. Congratulations to all winners and thanks for the efforts of all teams. However, some of the issues still need to be addressed as follows:

- 1) Cadence is too fast while marking time
- 2) Pacing is too short
- 3) Saluting on the march needs to be improved

Detailed scores for each team are attached in **Appendix 1**. Detailed drill movement comments for each team are attached in **Appendix 2**.
