Early March 2021 (tentative)
Venue: TBA

Teaching Methods

Classroom training and flight simulation training (subject to availability). The medium of instruction is Cantonese supplemented by English. The teaching materials and examinations will be in English.

Course Structure

Participants have to complete the following NINE compulsory subjects divided into three modules:

Technical modules:

Aerodynamics (**ADY**)

Aircraft General Knowledge (**AGK**)

Operation, Performance and Planning (**PERF**)

Flight Rules & Air Laws in Australia (**LAW**)

Navigation modules:

Navigation (**NAV**)

Meteorology (**MET**)

Radio Communication (**RT**)

Human Performance and Limitation (**HPL**)

Practical module:

Flight Simulator Training (**FST**)

(Conducted by instructors of the AE Wg)

Assessments

For the technical and navigation modules, written examinations will be given at the end of each module. The examination will be conducted on the basis of multiple-choices and short questions.

Dress Code and Code of Conduct

Smart casual for classroom training. Students may be required to wear uniform at the AAEP 2021 graduation ceremony. For visits, dress code will be communicated to the participants in advance.

Classroom discipline applies.
