

# Ab Initio Pilot Training Programme (JAA Licensed)

Emirates Aviation College, in collaboration with Jeppesen, is pleased to announce the launch of an JAA Licensed Ab Initio Pilot Training Programme to assist in meeting the future demand for highly skilled professional airline pilots.

**Duration:** 17 months from commencement date 13<sup>th</sup> of November, 2011

**Entry Requirements:** Min 17 years old  
High School Certificate or equivalent  
Class I Medical Certificate  
Must pass the following pre-selection process:  
(Psychotechnical tests, Oral & written English exam and personal interview)

**Course fee:** AED 600,000 (inclusive of full board accommodations in Lisbon, 3 tickets, visas, books and materials, selection process)

The ground school will be delivered in Dubai with a duration of 7 months and the flying school in Lisbon, Portugal for 10 months. The successful completion of the course will lead to:

- Frozen ATPL license (theory)
- CPL license with IR, SE and ME ratings

The commencement of the programme will be subject to a minimum cohort of 20 cadets submitting their application in or before 18<sup>th</sup> September, 2011.
